

Parents Bill of Rights

PARENTS HAVE A RIGHT TO DIRECT THEIR CHILD'S EDUCATION

The pandemic highlighted the public school establishment's preference for their own policies and beliefs over parents. AB 963 creates fundamental rights for parents in state law and a process to hold the state accountable for an infringement of those rights.

AB 963 addresses specific issues raised by Wisconsin parents over the last few years:

Putting federal rights from the Pupil Rights Amendment for public school parents into state law.

Ensuring that educational materials are available to parents when requested.

Addressing concerns about student safety and parental notifications.

Preventing districts from applying gender pronouns and names to students without their parent's knowledge or permission.

Empowering parents to make decisions about their child's classes and access to certain curriculum and material.

WISCONSIN MUST ENSURE THAT PARENTS, NOT SCHOOL ADMINISTRATORS, ARE MAKING EDUCATIONAL DECISIONS FOR THEIR CHILDREN

"The power over our public schools is held by a select few who have a vested interest in maintaining the status quo. Little to no power is in the hands of the constituents themselves: parents and their schoolchildren."
