LRB-0976/3 FFK:cjs

2025 BILL

AN ACT to renumber and amend 115.385 (1) (b); to amend 115.385 (1) (c); to create 115.385 (1) (b) 2m. and 118.30 (1j) of the statutes; relating to: changes to the educational assessment program and the school and school district accountability report.

Analysis by the Legislative Reference Bureau

Under current law, the Department of Public Instruction is required to annually publish a school and school district accountability report, commonly known as school and school district report cards, for the previous school year. To measure school performance and school district improvement for purposes of the report cards, particularly measures related to pupil achievement in reading and math, DPI uses data derived from pupil performance on assessments administered in the previous school year, including assessments commonly referred to as the Wisconsin Student Assessment System, which includes the Wisconsin Forward Exam, PreACT, the ACT with Writing, and Dynamic Learning Maps.

Under the bill, beginning with report cards published for the school year in which the bill becomes law, for the index system to identify school and school district performance and improvement, also known as the accountability rating categories, DPI must use the same cut scores, score ranges, and corresponding qualitative descriptions that DPI used for report cards published for the 2019-20 BILL

school year. In addition, beginning with the WSAS administered in the school year in which the bill becomes law, DPI must do the following:

1. For the Wisconsin Forward exam in English Language Arts and Mathematics, align cut scores, score ranges, and pupil performance categories to the cut scores, score ranges, and pupil performance categories set by the National Assessment of Educational Progress.

2. For the PreACT and ACT with Writing in English, Reading, and Mathematics, use the same cut scores, score ranges, and pupil performance categories that DPI used for the same assessments administered in the 2021-22 school year. The bill specifically requires DPI to use the terms "below basic," "basic," "proficient," and "advanced" for pupil performance categories on these assessments.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
